# JAPS MOVE ON SOLOMON ISLANDS

## Army Deserters Slay FBI Agent, Wound Another

Both Captured In An  
Abandoned House In  
Abingdon, Virginia

Abingdon, Va., March 13—(P)—Two army deserters who shot and killed a federal agent and wounded another, were captured in an abandoned house on the outskirts of Abingdon this afternoon.

More than a hundred federal state and local officers surrounded the house and a number of shots were exchanged before tear gas forced the deserters out.

The deserter pair were captured only a few hours after an agent who was arrested them fell dead, and the other was wounded under a hail of bullets that began in an abandoned house in this southwest Virginia town.

Agent Robert J. Treacy, Jr., 28, was shot in the chest and Charles L. Tignor, 34, was wounded five times. They were attempting to arrest two soldiers from Fort Oglethorpe, Ga., Charles M. Lovett, 21, and James Evans Testerman, 22.

The deserter pair, who fled away as soon as the agents identified themselves in the all-night café, had been sought since Thursday when, according to H. I. Bobbitt, special agent in charge of the Richmond FBI office, they stole a 1935 Ford sedan and ammunition from the post, kidnapped a taxi driver and escaped into Tennessee.

Taxi Driver Released  
The driver of the taxi was released at Cleveland, Tenn., and the deserter pair were on the loose.

Walter Ford, another agent, said Tignor was killed instantly and Tignor was wounded in the arm in the café as the men, still in army uniforms, ran out. Tignor, giving chase, fell on the street with four bullet wounds in his chest.

First, the pair, each holding two pistols, attempted to commandeer a car owned by Andy Hilton, of Abingdon, but Town Policeman Troy Combs jammed his machine into the car.

The men attempted to take over another car driven by Mrs. Elizabeth Kiser, but she pulled the keys out and tossed them across the street.

Deserters Escape  
The deserter pair ran off in the direction of Lebanon and were the objects of an intensive search throughout southwest Virginia.

All state troopers in the area were alerted immediately and they were joined by 65 local officers.

Locomotive Hits  
Auto At Crossing  
Francis Bumgarner, 36, of 194 North Seventh avenue, sustained face injuries in a train-auto collision at 2:55 o'clock this morning on the Greenwood avenue crossing of the Big Four railroad.

His car, southbound on the thoroughfare, reached the crossing just ahead of the locomotive which crashed into the machine.

Crowds gathered, no one was injured. Involved were a Kankakee Motor Coach company bus driven by Vernon Gray, 436 West Stone street, and the car of M. J. Bertrand, Paul Frechette, 662 West Court street, and Madeline Massingham, Route 2, Kankakee, in the 300 block on East Court street.

Brazilian Rioters Demonstrate  
Against Ship Sinkings By Nazis

By DAVID J. WILSON  
United Press Staff Correspondent  
Rio de Janeiro, March 13—Police fired into the air today in an effort to disperse angry crowds of demonstrators protesting the second day against Nazi sinking of Brazilian ships.

The shots were fired when a new demonstration broke out in front of a German-owned drug store in the heart of Rio's downtown business district.

First reports said no one had been injured and it was believed the officers were loaded with blank cartridges.

Crowds roamed through the streets congregating in front of Axis commercial establishments and shouting demands that they raise the Brazilian flag.

Police, anticipating a renewal of the demonstrations, had taken up strategic positions in the area where Axis establishments are located.

Leads Raiders

Maj. Richard H. Carmichael (above), U. S. army air corps, commanded eight heavy American bombers which raided Japanese shipping at Salamaua, New Guinea, this morning. Two ships were sunk.

## Bataan Fighting Front Continues To Stand Firm

Corregidor's Guns  
Raise Hávoc With  
Japanese Bombers

Washington, March 13—(P)—The war department reported today that the situation on the Bataan fighting front in the Philippines was unchanged for five consecutive days.

The text of the war department's communiqué, No. 143, based on reports received here up to 8:30 a. m. was:

"1. Philippine theater:  
"The situation in Bataan is unchanged.

"2. New Guinea:  
"Five American army heavy bombers of the flying fortress type raided the Japanese-held airdrome at Salamaua and Lae in New Guinea on March 11. All buildings were destroyed and heavy damage was inflicted on runways. At the harbor of Lae a direct hit was made on a pier. Our bombers were attacked by a formation of Japanese fighting planes. Five enemy planes were shot down. None of our bombers were damaged.

"3. There is nothing to report from other areas."

By FRANK HEWLETT  
United Press Staff Correspondent  
With Gen. MacArthur's Army in the Philippines, March 10—(UP)—(Delayed)—Corregidor, Gen. MacArthur's fortress island in the mouth of Manila bay, stands firm today after taking what its men believe to be pound for pound and acre for acre, the heaviest airplane bombing attacks on record.

It has cost the Japanese 120 planes officially and many more damaged and undoubtedly downed to bomb Corregidor. Nearly one-half of some attacking fleets, heavy, medium, light and dive bombers, have been shot down by the island's guns.

Recently, the Japanese have continued to bomb the island.

## 4 More Enemy Ships Sunk By U. S. Submarine

Brings To A Total Of  
149 Vessels Damaged  
Or Destroyed

Washington, March 13—(P)—Three more enemy freighters and one passenger-cargo ship have been sunk in Japanese waters by a United States submarine, the navy announced last night.

This brings to eight the total of enemy ships sunk near Japan, and to 149 the number of vessels of all types damaged or destroyed by United States forces in the western Pacific.

The navy also announced that on Tuesday two large Japanese four-engine seaplanes were intercepted by four of our fighters based on Midway Island. One of the enemy planes was shot down in the air fight west of Midway and the other escaped. One of our fighters was damaged and the pilot wounded but succeeded in returning to the base.

This was the first word of enemy activity near Midway since Jan. 29, when the navy reported that two Japanese submarines had been driven off by artillery fire.

The navy disclosed last night that a medium-sized U. S. tanker had been torpedoed in the Caribbean.

By EVERETT R. HOLLES  
United Press Staff Correspondent  
Washington, March 13—(UP)—American naval and air forces today were striking telling blows at Japan's long supply lines in strategy designed to put the enemy on the defensive and gain time for bolstering American defenses.

American bombers and submarines have sunk at least six ships and damaged five others in attacks reaching from waters around Japan down along her 1,800-mile-long supply line to New Guinea and the northern approaches to Australia.

Heavy offensive attacks, carried out in conjunction with Dutch, Australian and British forces, already have sunk, destroyed or beached 13 Japanese transports. Admiral Thomas C. Hart, just returned here from command of the United Nations naval forces in the southwest Pacific, said two days ago that the growing Japanese ship losses were bound to be of "great future concern" for the enemy.

Maintenance of the long Japanese supply line requires hundreds of ships and the stepped-up sinkings of ships and the stepped-up sinkings of ships.

## Grace Canham, 16, Related To Local People, Succumbs

Miss Grace Marie Canham, 16-year-old daughter of Mr. and Mrs. Ernest G. Canham of Oak Park, and granddaughter of Mr. and Mrs. W. C. Burrell, 622 South Greenwood avenue, Kankakee, died at 6 o'clock this morning in St. Luke hospital in Chicago.

She had been ill many months and was taken to the hospital yesterday when her condition became worse.

Funeral service will be held Monday afternoon at 3 o'clock at the Osceola funeral home in Oak Park. She was born in Oak Park on Feb. 13, 1926, and attended Oak Park elementary and high schools.

She was a sophomore in high school at the time of her death and, although she had been ill since entering high school, her friends praised her courage and cheerfulness.

Miss Canham had many friends in Kankakee and visited this city often. Her parents formerly lived in Kankakee and moved to Oak Park about 20 years ago.

She is survived by her parents and two brothers Robert and Donald, the latter having been an assistant coach of Kankakee high school until last week when he became junior director of physical education at Maxwell field, Montgomery, Ala.

Other survivors are grandparents Mr. and Mrs. S. J. Canham of River Forest and Mr. and Mrs. W. C. Burrell of Kankakee. Mrs. John Struthers and Mrs. Leslie Small of Kankakee are aunts, the former being a sister of Mr. Canham and the latter a sister of Mrs. Canham.

Represented by Attorney Vernon G. Butz, she charged desertion, testified that the marriage occurred at Crown Point on Jan. 16, 1919 and the separation on Jan. 28, 1931. There are no children.

## Florence Co. Pays 50-Cent Dividend

A dividend of 50 cents a common share, payable March 31, was declared in yesterday's meeting of the directors of the Florence Co. company in Boston. This dividend is the same as of March, 1941.

A total of \$45,341 shares of common stock outstanding was reported, this being the company's only capital stock.

R. O. Foster, president of the company, reported that earnings to date are "satisfactory" and more than enough to cover the dividend. He said that under curtailment orders covering tax materials it is impossible to predict earnings of the future. The company is now in production on war orders, he said, and every effort is being made to place it on a 100 per cent war basis.

## Royal Air Force Over Paris But No Bombs Dropped

Vichy, March 13—(P)—Paris had a 45-minute air raid alert today as an RAF scouting force cruised over the occupied capital, forced suspension of horse racing at the Vincennes track and surveyed the manufacturing area in the southwestern workers district. No bombs were dropped.

The planes were sighted over the Champs Elysees and Passy sections of western Paris on the right bank of the Seine and then passed over to the 15th Arrondissement, an industrial quarter in southern Paris.

## Benefit Payments For Families Of War Casualties

Washington, March 13—(P)—Families of civilians who are killed, disabled or captured by the enemy in American outposts will receive temporary benefit payments ranging from \$30 to \$85 a month, the security administration announced today.

A widow or wife without children will receive between \$30 and \$45 monthly; with one child between \$40 and \$60; with two children between \$50 and \$75; and with three or more children between \$60 and \$85. The scale is based on monthly earnings of the persons affected by enemy action.

The benefits are restricted to families of civilians affected by enemy action outside the continental United States.

Under another program, announced last night, civilians in America who are injured by enemy, including sabotage, will be given free hospital treatment.

Temporary treatment will be furnished by casualty receiving hospitals, presumably in cities attacked, and later by emergency base areas outside of cities. These hospitals are now being selected.

## Will Form County Ministers' Group

The Rev. H. E. Grimme, of Red-dick, former president of the county church council, reports that a county-wide ministerial association is now in the making.

The organization meeting will be held Tuesday, April 7. This new organization will take over the work formerly done by the church council to avoid much overlapping of work. The association will study religious, social, moral and civic betterment problems.

## 3 Kankakeans Enlisted As Navy Officers

Great Lakes, Ill., March 13—(RN Special)—Three Kankakee men this week reported for active duty in the Naval Reserve as petty officers and are now stationed at the naval training station here where they are undergoing recruit training.

Upon completion of this training, which instructs them in the basic principals of seamanship, these men will be sent for active duty at sea, or will be retained at this or some other naval station for service ashore.

These new petty officers are: John D. Hickey, 23, son of Mrs. Louise E. Hickey, 233 South Indiana avenue, hospital apprentice, first class; Walter H. Gallagher, 22, son of Charles Gallagher, 1105 South Third avenue, electrician's mate, second class; and William H. Yanke, 46, 726 West Water street, machinist's mate, second class.

Close Range Fighting in Malaya

An Australian anti-tank gun puts Japanese tanks along a jungle road somewhere in Malaya before the British Imperial forces withdrew.

## Rebuild N Y C Bridge Over River Here

The New York Central railroad bridge over the Kankakee river is being replaced with a new steel structure of the same type.

Section by section, the old parts are being replaced by the new while rail traffic continues unimpeded.

The old bridge, erected in 1903, was the first steel type one to span the stream at this point. Within six months, the bridge contracting firm expects to finish the job.

Most interesting operation from the spectators' point of view will occur the middle of next week when two cranes approach from opposite sides and replace the two 70-foot center spans. These weigh 60 tons each. The other six sections tip the scales at a mere 45 tons and are handled by single cranes.

## Can Not Transfer Wagon Tires To Passenger Cars

Persons who buy tire-equipped farm wagons, then transfer the tires to some ineligible vehicle such as a passenger automobile are subject to all the penalties under the federal rationing laws.

In a message to George E. Luhrs, county rationing director, and other directors over the state, Henry Pope Jr. of Chicago, state rationing administrator, said today that the enforcement division of the OPM is aware that such violations are going on and is seeking for specific violations.

## Fire Damages An Old Landmark Here

Firemen made a run at 7:31 o'clock this morning to the residence of Charles Kirkman, 178 North Fourth avenue, where chimney sparks on wooden shingles caused \$15. This building, one of the first structures erected in this city, formerly was used as a hotel.

On Thursday afternoon firemen extinguished a grass blaze at 265 West Mulberry street and last evening an investigation was made of the source of smoke in the Baird, Swannell warehouse in the 100 block on North Indiana avenue. Nothing caught fire.

## The Weather

(Friday, March 13, 1942)  
Hourly temperature readings from one o'clock Thursday afternoon to noon today are:  
High at 4 p. m. 42, low at 7 a. m. 31.

A year ago fair, high 38, low 25.  
1 p. m. 39, 1 a. m. 35.  
2 p. m. 40, 2 a. m. 33.  
3 p. m. 41, 3 a. m. 32.  
4 p. m. 42, 4 a. m. 32.  
5 p. m. 41, 5 a. m. 32.  
6 p. m. 40, 6 a. m. 31.  
7 p. m. 40, 7 a. m. 31.  
8 p. m. 40, 8 a. m. 32.  
9 p. m. 39, 9 a. m. 32.  
10 p. m. 37, 10 a. m. 34.  
11 p. m. 36, 11 a. m. 36.  
Midnight 35, Noon 39.

Occasional rain and little change in temperature this afternoon and tonight.

## Price Ceiling On Goods Made Of Cotton And Rayon

Washington, March 13—(P)—The office of price administration today clamped a temporary price ceiling on finished piece goods made of cotton, rayon and their mixtures to check what is called a "rapid and unwarranted rise in prices."

The 60-day order in effect freezes prices at current levels, since it provides that maximum prices should not go higher than those prevailing between March 7 and 11.

The price ceiling does not apply to retail sales, but officials said the effect of it should be to prevent further increases in the retail price of women's suits, coats, pajamas, house coats, men's shirts, curtains and similar items.

The OPA does not consider the frozen prices reasonable, but on the contrary, regards many of them "unfairly too high" an announcement said. The temporary action was intended to stop further advances pending the issuance of a permanent regulation setting specific ceilings at lower levels.

## Grant Park Man Re-elected Head Of Milk Assn.

Chicago, March 13—(P)—The board of directors of the Pure Milk association, marketing cooperative serving the Chicago milk shed, today announced the re-election of George H. Ekhoff, Grant Park, Ill., as president, and Charles Schmaling, Delavan, Wis., and A. P. Brucker, Monterey, Ind., as vice presidents.

For the coming year, Walter Winn, Richmond, Ill., was named treasurer in succession to E. E. Houghtby, Shabbona, Ill. C. M. Cosgrove, Elgin, Ill., was re-elected secretary.

## No Time For Comedy On This Friday, 13th

Chicago, March 13—(P)—It was a case of no-time-for-comedy today when the anti-superstition society held its regular Friday, the 13th session.

In this year of 1942 which provides three Friday-the-thirteenth's, the society had originally planned to bring together on this one 13 gov-ernors, 13 army men, 13 naval officers, etc., all to be seated 13 each at 13 tables in a luncheon dedicated to scoffing at the scary-cats.

But, explained Society President Nathaniel Leverone, there were more important things to be done these days. The luncheon invitations were withdrawn pending another Friday 13th, and the 13 officers of the society simply met and talked about salvage, a civilian war-activity to which Leverone is devoting much of his time.

## Baker Estate Is Valued At \$81,000

Mrs. Cora Dot Joseph, 240 East Oak street, and Myron D. Baker, 896 South Myrtle avenue, today were appointed by County Judge C. D. Henry as administrators of the estate of their mother Mrs. Mary L. Baker, Kankakee, who died last Feb. 15.

The estate consists of \$1,000 in personal property and \$80,000 in real estate. The above named two are the only heirs.

## Japs Making New Odor---Not Order---In China

Missionary Says  
Guerrillas Kill 100  
Japs Daily Behind Lines

As far as the Chinese are concerned the Japs are only making a "new odor" rather than a "new order" in occupied China, according to the Rev. G. W. Royal, Nazareth missionary who recently returned from Tamingfoo, China, in a talk at the Rotary club luncheon Thursday noon in the Hotel Kankakee.

Members of the heavy and light weight basketball squads of Kankakee high school were guests at the luncheon.

The missionary, a native of London who spent nine years in China, offered evidences of the effective resistance still going on in occupied parts of that country, showing how guerrilla bands are making monkey out of Jap soldiers who are being mysteriously killed at the rate of 100 a day.

Carry Concealed Guns  
By affecting the habiliments of young Chinese merchant apprentices and by other devious approaches, guerrilla soldiers win audiences with Nipponese officers in their outposts, whip out tiny pistols concealed in clothing near their wrists, kill the

## 2 Girls Quarrel One Is Fined \$6

Miss Dorothy Baker, 17, 298 East Willow street, yesterday was fined \$3 and costs, a total of \$6 by Justice Fred R. Smith when she pleaded guilty to assault and battery.

A warrant issued at the request of May Betz, who lives in the same house, was served by Elmer Nelson, city police detective.

The complainant claimed she was struck during a quarrel.

## AMERICA'S ARMED FORCES WILL LIVE IN HOPE

Washington, March 13—(UP)—The senate military affairs committee today unanimously approved a bill increasing the base pay of enlisted men and the lowest rank of officers in all of the armed forces.

## Long-Projected Alaskan Highway Construction To Start Soon

Washington, March 13—(P)—A mission engineer with a distinguished record in the United States army, already in the Alaska highway construction of the long-projected Alaska highway.

The army engineers said today that engineer troops, under Colonel Hoge, already have arrived in Dawson Creek, British Columbia, where the first main base will be established for survey and construction of a pioneer road over the route of nearly 1,500 miles.

That job completed, the public roads administration will move in to build a crushed-rock motor highway 24 feet wide, following the pioneer road constructed by the engineers.

This pioneer road, said one engineer officer, "will be passable—and not much else. It's essential, however, to make possible the movement of heavy equipment needed for the highway construction."

The route selected for the high-

## May Be Thrust On New Hebrides Or New Zealand

May Prove A Threat To  
Supply Line From  
The United States

BY THE ASSOCIATED PRESS  
Melbourne, March 13—Japan's most advanced invasion spearhead, apparently blunted momentarily on the northeast New Guinea coast, was reported officially today to have stabbed off at a tangent into the Solomon Islands in a new threat to the supply line from the United States and to the island bridge toward New Zealand.

The move was disclosed in an Australian air force communiqué which said a Japanese naval force was seen three days ago off Kessa, on Tina Buka island, stepping stone from New Britain to the Solomons.

Smashing at the bases the Japanese would need either for a thrust against Australia or southeast along the island chain, the RAAP bombed the Japanese-used airfield at Gasmata, on New Britain's south coast, yesterday.

A communiqué said "all our bombs fell in the target area and columns of smoke rose from the ground." It added that Japanese fighter planes were beaten off, one was damaged and the raiders returned safely with their ammunition almost exhausted.

Possibilities Foreseen  
There was no definite indication whether the Japanese landed at Buka, but it was recalled that several times earlier Japanese planes have scouted and bombed Bougainville and other Solomon islands stretching southeast toward the New Hebrides and New Zealand.

(The crew of a Japanese seaplane was reported to have planted the flag of the Japanese empire on the town was deserted. There had been no authoritative indication of other attempts by the Japanese to follow up with landings in the Solomons.)

These possibilities were foreseen: 1—That the Japanese strategy might call for a sweep southeast toward New Zealand to establish a screen of island bases between Australia and the United States before attempting invasion of the Australian continent.

That the move was a feint undertaken only to mask a developing onslaught, probably from New Guinea or Timor, directly against the long bleak reaches of the north or northwest coasts of Australia.

However, indications that the invaders were making ready to use the mountain-pluff, jungle covered island of New Guinea as a big battle base were seen from RAAP reconnaissance reports that the Japanese were working at top speed to establish fighter plane stations along the northeast coast where they won footholds at Lae and Salamaua.

Whatever plans the Japanese might have had for quickly won broader control of the island coast were declared, however, to have been disrupted by the hard aerial blows of British and American bombers.

## Ask State To Seine Kankakee River

The state department of conservation has been asked to seine the Kankakee river to eliminate garfish and to restock the stream with game fish. It was learned today.

The request was made by the Illinois Federation of Sportmen's clubs, of which the Kankakee Sportmen's club is an affiliate.

## Strategic Point Tokyo (From Japanese Broadcasts) March 13—(P)—A Tokyo dispatch

(Continued On Page Nine)

# Auto Dealers Face Closure For Duration

Unless Provisions Of Rationing Order Are Relaxed

By ANTHONY G. DELORENZO  
United Press Staff Correspondent  
Detroit, March 12—(UP)—At least half of metropolitan automobile dealers whose showrooms are clogged with new cars will be forced out of business unless provisions of the government's rationing order are relaxed to permit better movement of vehicles into the hands of consumers.

"This is the opinion of Paul T. Graves, manager of the Detroit Automobile Dealers' Association, members of which supply cars and trucks to the nation's largest cities."

"Under this order," Graves said, "it doesn't seem to us that the dealers in metropolitan areas going to be able to dispose of their new cars fast enough to warrant staying in business. In fact, we expect 50 to 60 per cent of these dealers to try to liquidate their stock and get out of business unless something is done for them at once."

A try-out of the rationing order which to unload their cars quickly has been provided by General Motors Corp. has announced that it will, effective April 1, repurchase its cars from dealers who wish to unload their cars quickly. The repurchase price will be based on the dealer's cost plus a profit of five per cent.

General Motors' repurchase plan, which will be effective April 1, repurchase its cars from dealers who wish to unload their cars quickly. The repurchase price will be based on the dealer's cost plus a profit of five per cent.

Some dealers are doing everything possible to reduce overhead and try to stay in business for the duration of the war. "However," he emphasized, "they are finding it an increasingly difficult job. The automobile manufacturer has lucrative war contracts to fall back on, but not the dealer. They've got to depend on service, which probably won't provide more than 60 or 65 per cent of the revenue for meeting overhead. It's a bad situation for the dealer."

One large Detroit dealer pointed out that many motorists have been storing their cars during the last month because of the necessity for conserving rubber.

"If they continue to do this," he said, "there will be very little service business."

Meanwhile, many dealers are searching for dealers in which they can rely for extra revenue during the war. Some are selling farm tractors and electrical appliances. Others have taken on bicycles, "motor bikes" and outdoor motors.

WAINES SATISFY SWEET TOOTH  
Berkley, Cal., March 12—(UP)—The National Department of the University of California comes to the aid of people whose "sweet tooth" may be satisfied under rationing. Dr. Agnes Pay Morgan states that dried fruit such as raisins, figs and prunes will be used to keep the clamoring mouth within bounds.

OLD SHOE WORKS SOMETIME  
Butte, Mont., March 12—(UP)—John Turk believes that less than half of the shoes that are made in the United States are employed in the disposal of human waste. He tried with a gun and blew off two fingers. The case still howled when he called the doctor.

these are unusual times. Quality raw material in almost every line is becoming scarce, and more difficult to secure.

Substitutes—in many fields—are the order of the day, and this is no doubt fitting and proper... for we need all the resources at our command in our fight for Victory.

today, however, despite shortages, the purchasing of quality merchandise is still most economical in the long run.

And because it is our duty, now, as a nation, to conserve and to make things last as long as we can, we must be sure when we do make a purchase, of anything that we get the best quality we possibly can for our money.

In the clothing field Hart Schaffner & Marx clothes are still rated as the finest quality clothing you can buy at the price.

we believe you'll agree with us; that in times like these when it is our duty to save on raw materials the best and least expensive merchandise you can buy is quality merchandise.

STURDY • LONG-WEARING • SHAPE-RETAINING  
Hart Schaffner & Marx Suits  
begin at... \$38.50

A tile floor will replace the old wooden surface, and the interior will be refinished in white plaster. The chapel will be closed until after Easter.

You will have that "just out of the band box" look when you wear one of these dresses for Easter! Long torso midriff, and tailored styles . . . designed for important events! Inspiring Spring prints and the ever popular plain colors. 12 to 44.

Stylish with an air suggestive of luxury—they're unbelievable at this low price! Gay sports or frivolous dress-up styles in soft spun rayon or pretty rayon crepe. Sizes 12-20.

## A black and white line drawing of a living room interior. On the left, a sofa with a ruffled skirt is positioned in front of a large window. The window is covered with heavy curtains and a valance. To the right of the sofa is a side table with a lamp. Further right is a patterned armchair. In the foreground, a coffee table holds a small vase with flowers. The room is enclosed by a simple line representing the ceiling and walls.

With the curtailment of the sale of automobiles and tires, you'll be spending a great deal more time in your home. The creation of a cheerful and beautiful home interior is more important now than ever before. Come in NOW and select new draperies and slip-covers from our superb collection. They're an investment in happier living that will pay rich dividends in difficult days to come.

Sunfast, Tubfast and Preshrunk . . . an ideal fabric for slip-covers as well as for draperies . . . this special is a stunning floral print in gay colors on backgrounds of Rosewood, White, Natural and Blue, Green or Blue. The texture of the cloth emphasizes the beauty of the pattern.
